Activities: Archery, shooting safety and shooting skills with .22's and shotguns, fishing, boating with canoes and kayaks, one night camp out, wildlife management lessons, compassing, Bible studies built on God's creation and much more! Due to the physical nature of the activities campers need to be at least 10 years old unless accompanied by a parent.

Focus: Our first goal is to use the camp setting in the midst of God's great creation to bring our campers and their families into a vibrant and growing relationship with God through His Son, Jesus Christ.

Second, our goal is to pass down outdoor recreation skills that many of our youth are not getting the opportunity to experience. We hope that through this experience they will develop new hobbies that will last a lifetime.

Thirdly, we want to use this setting to instill a love for God's great creation that will result in a wise understanding of our role as God's children to use, enjoy and yet conserve the gift God has given us through His creation.
